

The Pinnacle Embroidery Sale of Cohen's.

Our buyer in Paris shipped us a manufacturer's accumulation of ends of Embroidery for 1906.

These goods are the rare and choice embroideries of all those manufactured on the French side of Switzerland. They came to us under a contract price, which to-day is half of what they would bring in the open market.

Edgings or insertions from the narrowest, finest hand-like embroideries to the widest in either; wholesale value \$1c to \$1.40; our price, 12 1-2c to 50c a yard.

Some of the 12 1-2c Embroideries cost to 40c, and the 50c ones cost to \$1.40.

There are Embroideries at 10 2-3c, 10c and 25c. It would not be exaggeration if we were to say that the entire lot is an average third of values.

All-over Embroideries at 75c and \$1c a yard—the most beautiful designs of fine work we ever sold at double these prices.

Also on sale some 7,500 yards of Flounders and Corset Cover Embroideries, 18 to 22 inches wide, values to 65c; choice of any, 25c a yard.

A counter of over 10,000 yards of Embroideries, 8c to 12 1-2c a yard, including narrow and wide insertions and edgings.
